CAR CAMPING ZONE
Unless you camp in this area you will need to drop off your gear at your campsite and move your car to the parking lot.

JAM FRIENDLY AREA
Jamming curfew is 2am but please see NOTE below.

FAMILY/QUIET CAMPING AREA
No jamming after 8pm

NOTE
When jamming in campgrounds, please be respectful of your neighbors. If it's after midnight and you feel the need to hoot, holler or play loudly, then the Fire Circle (Main Stage area) is the place to do it. Except in areas where curfews are otherwise designated, jams in the campgrounds need to tone down by 1am and wrap-up by 1:30am. If you want to keep it rolling later than that, head to the Fire Circle. Light drumming is acceptable in the campgrounds until midnight, but no drum circles or loud drumming are allowed after 10pm.
